Step 5 - Pin & sew under the bottom hem.

Step 6 - With right sides facing, pin & sew side seams.

***Not all dolls are made from the same mold. So if you find that the pants are too tight, try sewing with less seam allowance. If you find that the garment is too baggy, try increasing the 1/4 inch seam allowance.

*** I hope you enjoyed this free pattern and feel free to make and share and sell as many sewn doll pants as you like. Just don't try to sell the pattern itself, as the pattern rights belong to Modern Homemakers.
